Christin Bettis

Rockstar Webflow Developer & UX/UI Designer

WORK EXPERIENCE

8/2020-Present

WEB DEVELOPER & UX DESIGNER, LYNX DESIGN

Webflow development , UX/UI, & brand design. Manage multiple clients at a time, and build their projects/brands from concept to completion. Perform site maintenance on existing sites and help add new pages and features as needed. Primarily use Adobe Creative Suite for brand assets and Figma for wireframes / prototypes.

10/2021-10/2022

WEBFLOW & DIGITAL DESIGN, S44

Go to Webflow expert on team. Responsible for Webflow development, building wireframes/prototypes in XD, and creating design assets in Adobe AI & PS. When discussing with team and clients, I offer advice on best practices, design choices, and integrations for Webflow. Experience presenting work to company leadership.

2/2020-8/2020

WEB DEVELOPER & TA, WALLSTREET WEBCASTING

Front-end web development for client event pages and internal projects. Setup encoders, trimmed audio, ran tracks, and managed temps for virtual audio/video events.

5/2018 -2/2020

UNDERWRITER, E-RISK INSURANCE SERVICES

Analyzed business indemnity risks & wrote policies by reviewing claims activity, financials, and submitted information. Managed client relationships for 60 to 100+ accounts per month.

EDUCATION

2022 - 2023

GOOGLE UX PROFESSIONAL CERTIFICATE

2022
